

WE DO MORE THAN RAISE FUNDS

We lift up communities

United Way fights for the health, education and financial stability of every person in every community. But we are more than fundraisers. We are hand raisers. We raise our hands not only to lead the fight, but to reach out to people who need help. And hope.

United Way of
Washington County

We win when we **LIVE UNITED**

United Way of Washington County brings together the best ideas, relevant data, and most enthusiastic people to create local solutions to tackle our community's toughest challenges.

We forge unlikely partnerships. We fund new solutions to old problems. We mobilize the best resources. And we inspire individuals to join the fight against our community's most daunting social crises.

In Washington County, 25% of households are struggling to meet their basic needs. These families often are faced with tough decisions, like paying rent or taking their kids to the doctor.

OUR WORK

United Way of Washington County funds over 25 local programs.

These programs provide services for county residents that address issues including counseling, housing, domestic violence, aging, youth development, and access to health care to name a few.

All programs funded by United Way fall within one of three pillars (*Education, Financial Stability and Health*) and partner agencies report results achieved during the year.

Each year, this network of nonprofits helps more than 10,000 Washington County residents to improve their lives.

WHY YOU?

So who are the hand raisers, the game changers? They're people who know that at the core of every human being is a desire to do good. People who recognize the power that comes from a shared purpose. People who understand they're always stronger together than they are alone. People like you.
