

Dear (EMPLOYEE NAME),

We at (COMPANY NAME) are proud and happy to join local citizens and organizations in support of our community by partnering with United Way of Washington County.

We live in a wonderful place, but unfortunately, not everyone in our community has equal opportunity for success. United Way of Washington County offers a collective vision for building a healthy community for everyone in Washington County. It meets people's immediate needs and gives children and families opportunity for success. United Way helps people ***When It Matters Most***.

There's more to building community, however, and we need to work together if we are going to break the cycle of poverty, homelessness or domestic abuse in our community. Let's work together to help people in need. It's time for us to raise awareness of these issues and help United Way of Washington County find ways to make our community a stronger, healthier, and more compassionate place to live.

Please join me in making an investment in the community through United Way of Washington County. You can make a difference in the lives of those in need.

Sincerely,
