

Supports the Needs of **Washington County**

Strong & Healthy Communities

Successful Youth

People In Crisis

Strengthening Families

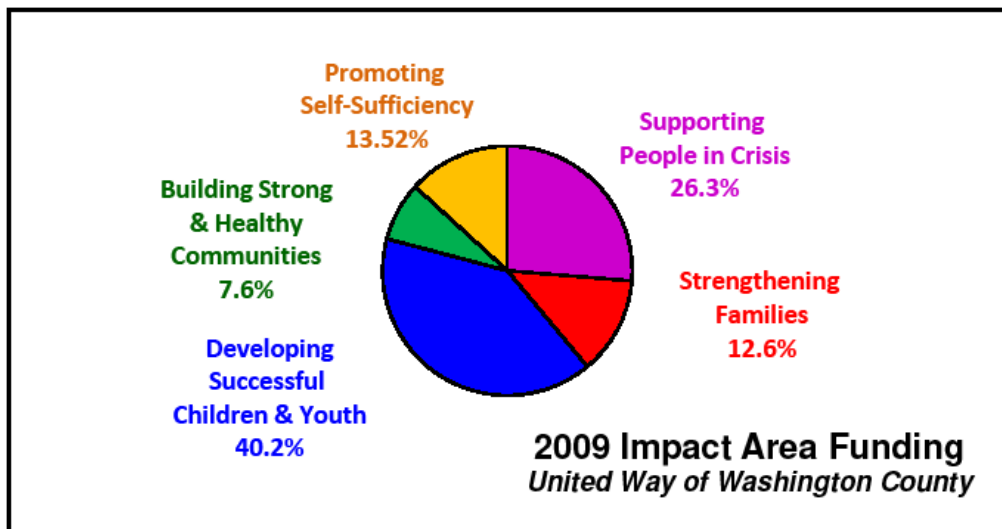

Promoting Self Sufficiency

SERVICES THAT IMPROVE LIVES

United Way of Washington County utilizes outcome measurements to evaluate program results. Results are determined by the difference each program makes on the quality of life of county residents.

Each year United Way volunteers base program funding decisions on the results obtained by each partner agency's programs. Here is a chart of how donor dollars raised during the 2008 campaign are being distributed in 2009 to programs in five different impact Areas.
