Personal Care Kits

Because everyone deserves a fresh start!

Whether it's mental illness, job loss, or abuse, there are many circumstances that can lead to household instability. Help our neighbors get back on their feet by assembling Personal Care Kits that will be distributed through local churches, schools, homeless shelters, and treatment facilities.

WE FIGHT FOR FINANCIAL STABILITY

LIVE UNITED[®]

Together, we can help our neighbors living on the edge.

In Washington County, 26% of the population is Asset Limited, Income Constrained, Employed (ALICE). These are working men and women who struggle to afford the basics: food, rent, child care, and transportation. They're often just one paycheck away from a crisis.

It's easy to see how financial hardships can easily lead to health issues, relationship conflicts, poor school performance, and household instability. United Way provides resources that empower people to overcome these obstacles and get a fresh start in life.

You can make a real difference for people dealing with financial and household instability. Join the team and LIVE UNITED.
